We value collaboration and rigour in producing and presenting festivals and supporting new work as much as we do collaboration in our administrative work.

We acknowledge that equity-seeking communities have been excluded from theatre and non-profit spaces in the past and are committed to employment equity and diversity. We encourage applicants from equity seeking communities and intersecting identities to apply. Intrepid Theatre strongly believes in providing staff with an anti-oppressive work environment free of discrimination and harassment, and fostering an inclusive and supportive workplace.
